Your most outrageous/my favorite part was your two handed display of John McKay papers. I'd objected as "Really? " but Brian let you go on.  
8/22 doesn't work for me but 8/25 or 26 does and so does most of the following week.  
Just filed a motion to take dep in Canada. Surely you won't object, will you? It's a free trip for everyone.  
Hope all else is ok -
